Important information

If you are studying in Australia on a student visa, there are some conditions you must observe in order to maintain your visa status.

Attendance and Academic Progress

As part of student visa requirements under the Department of Home Affairs regulations, you are expected to attend classes and to meet all course requirements including completing assignments on time. You can also be reported for failing to make academic progress.

If you are absent through illness, you are required to provide your program area with a legitimate medical certificate to cover the absence. It is your responsibility to notify the program area of your absence, which will then be recorded. It is also your responsibility to catch up on any work missed due to the absence. Satisfactory academic progress is defined as passing a minimum of 50% of all units enrolled in a semester. If your progress is not satisfactory, you will be issued with a written warning, followed by an Intervention Strategy. Failure to comply with your Intervention Strategy may result in the cancellation of your enrolment and you will be reported to the Department of Immigration.

Students are also expected to maintain their attendance at no less than 80% of all classes enrolled in a semester. Attendance is monitored at every class. If you are not on time or if you leave class early, this will have an effect on your attendance.

Updating Contact Details

As an international student you have an obligation to notify the International Student Support Office within 7 days of any changes of address while enrolled in your course. This is a Department of Home Affairs requirement and condition of your student visa.

ESOS Framework

The Australian Government wants overseas students in Australia to have a safe, enjoyable and rewarding experience. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework and they include the Education Services for Overseas Students (ESOS) Act 2018 and the National Code.

You can find a link to the ESOS Framework here legislation.gov.au/Details/F2017L01182

Overseas Student Health Care

All international students are required by the Australian Government to take out health cover. The Overseas Student Health Cover (OSHC) provides international students with free public hospital care for non elective treatment and an 85% rebate of the standard doctor's fees.

Work Permission

All student visa holders will receive automatic work rights which will allow students to work during their time in Australia. Remember that your primary focus in Australia is to study to gain a qualification and part-time work must not interfere with this.

Students are limited to working 48 hours per fortnight while their course is in session.

Staying safe & healthy

General Practitioners

If you have a minor illness or ailment, you can visit a general practitioner (GP) for diagnosis, advice, referrals, and prescriptions. Don't forget to get a medical certificate from the doctor while you are there and send a copy to International Services so your absence will not affect your attendance.

Hospitals

In an emergency, you should dial 000 for police, ambulance or fire brigade.

If you need to go to the hospital for non-emergency or elective surgery, call your OSHC provider and check that your policy will cover the cost. You may also need to check with your OSHC provider that you are using the nearest agreed hospital. Call the hospital and confirm that they accept patients with OSHC cards.

Please note OSHC does not usually cover private hospitals or specialist doctors. Please take some time to find the hospital nearest to where you are living now and write the details down below for easy reference.

Your information will be confidential so don't be afraid to contact them if you are not too sure.

Getting around

Overview

Public transportation in Victoria is fairly affordable and convenient. The most common forms of transportation are trains, trams or buses. In order to ride on public transport, you will need a prepaid Myki card. Please note there is no paper ticket system in Melbourne, you must have a Myki card. You can purchase a Myki card for \$6 from any newsagency or Public Transport Victoria customer service desk. You can then add your own money to the card to use on public transport fares. Use the Myki card to “touch on” and “touch off” on the yellow card reader before and after each journey on public transport. You can top up your card online or at a top up kiosk (available at most train stations).

We recommend that all students and visitors to use public transport as parking is usually limited.

Public Transport Apps

There are several public transport apps to help you navigate your journey:

- The PTV App has a built-in Journey Planner. Just type in where you are and where you are going to and the App will plan your journey for you.
- metroNotify® sends live updates and push notifications about train service delays to your device directly from Metro Train’s control room.
- tramTRACKER® lets you know in real-time how far away your tram is from the station.

Day trips

Warrandyte

Warrandyte is a beautiful, leafy area set in Australian native bushland, 24 kilometres northeast of Melbourne. The Yarra River cuts a path through this picturesque suburb and offers some great swimming holes and picnic spots. It takes about 30 mins by car to reach Warrandyte.

Dandenong Ranges

This is a beautiful region 50 kilometres east of Melbourne. You can easily waste a day here visiting the local cafes, wandering through the various gardens, or hiking the steep tracks. We recommend a visit to William Ricketts Sanctuary for beautiful outdoor sculptures surrounded by ancient redwood gumtrees. The National Rhododendron Gardens near Olinda are where you will find a wide variety of flowering plants; a great place for a picnic! You might also want to check out the 1,000 Steps Kokoda Track Memorial Walk, a 2.8 km hike dedicated to the memory of soldiers lost during the battle between Australian and Japanese forces in Papua New Guinea during WWII. The track begins 1km east of Ferntree Gully train station.

Yarra Valley Wine Region

The Yarra Valley is a 1 hour drive east of Melbourne and is home to the best of Victoria's cool climate wine. You might like to try some of the local Pinot Noir, for which the region is famous. Chardonnay, Cabernet Sauvignon, Merlot and Shiraz are also grown here. A good idea is to join a wine tour so you can be bussed around without having to worry about driving.

Weekend trips

Great Ocean Road

This is one of the most spectacular stretches of coastline in Australia. Here you will find the 12 Apostles, one of many series of rock formations standing in open water. The road is 243 km long and stretches between Torquay and Warrnambool. Highlights include Lorne and Apollo Bay for clean beaches and beautiful turquoise waters. If you are lucky, you might spot a pod of whales passing by!

Mornington Peninsula

This area is famous for being home to one of very few volcanic hot springs in Australia. You can enjoy a soak in the mineral rich waters then continue on south to Phillip Island where you can check out some iconic Australian wildlife like wallabies, koalas and even Fairy Penguins! The beaches in this region also attract holiday goers and you'll notice many colourful "beach boxes" on the foreshore.

Grampians National Park

These beautiful mountainous ranges are a haven for hikers and rock climbers. It is also a wonderful place to go camping and enjoy Australia's picturesque eucalyptus forests. There are walks and hikes that cater to all ability levels. This national park is heritage listed for its beauty and Aboriginal rock art and there is plenty of wildlife. The best way to get there is by car; its 235km from Melbourne CBD.
